ES SOLAR REBATE INSTRUCTIONS

for Duke Energy

Incentive rebate from Duke Energy around \$1 per 1kW of installed solar generating capacity of your total solar system cost if:

- installed solar system up to 20 kW (residential)
- installed solar system up to 1 MW (commercial)

The rebate was approved by the Public Service Commission of South Carolina on July 15, 2015.

To claim your Duke Energy's solar rebate:

1. Request interconnect (print and fill out an [application](#)).
2. Write a check to Duke Energy (Make checks payable to Duke Energy Carolinas):
 - residential - \$100
 - commercial - \$250
3. Obtain liability insurance which protects the Customer from claims for bodily injury and/or property damage:
 - minimum coverage \$100,000 per occurrence for residential
 - minimum coverage \$300,000 per occurrence for commercial
4. Have one-line diagram of your solar system (provided by ES SOLAR LLC).
5. [Purchased Power or Interconnect Agreement](#) - Only if you intend to sell power to Duke Energy
